PERSONAL .- Ex-Gov. Z. B. VANCE, of North Car-

olins, arrived in this city yesterday afternoon, and is a guest at the Charleston Hotel. HARPER's new monthly Magazine for June, has been received, and is for sale at Mr. C. F. Vog-

LER'S, No. 108 Market street. EXCURSION ABOUND THE HARBOR.—The elegant steamer Eliza Hancox, Captain J. R. RICHARDSON, will make an excursion around the harbor this afternoon, leaving Accommodation wharf at 4 o'clock precisely. As this trip will afford persons a fine

opportunity of observing points of interest, and of

enjoying the delightfu sea breeze, we predict a large attendance on board. PAPERS, MAGAZINES, ETC.—DELACEY of the Mills House Book Stall has sent us the latest copies of Punch, the New York Sunday Mercury, the London libistrated News, Frank Leslie's Idustrirte Zitung, the Farm and Fireside, all very interesting papers, handsomely illustrated. Mr. DeLacy also has back numbers of all the illustrated and

literary journals, which he offers at reduced prices.

PRIVATE BOARDING .- The attention of our patrons is particularly directed to the card of Mrs. ROMINSON in to-day s issue, informing her friends ofher readiness to receive a limited number of boarders at her residence, No. 39 Wentworth street. As this house is in the neighborhood of the Postoffice, and the principal business portion of the city, and as her terms will be accommodating, we would suggest to all who desire a comfortable and genteel stopping place, that they call upon this lady, who, we feel satisfied, will use every exer ion to make them feel at home.

A New Base Ball Clus.-We learn that the young men of the city who are fond of this sport, held a meeting on last Saturday afternoon, and organized the Atert Base Ball Club, with the following officers: O. M. ROBBINS, President.

D. D. STUBBS, Vice President. O. N. WINNER: Secretary.

J. Y. SAVAGE, Treasurer. DIRECTORS.

JNO. A. MOROSO. A. C. SHAFFER. E. G. TAYLOR. J. T. BLAKE. The new Club have appointed Tuesday and Sat urday of each week, for exercises on the Citadel Square, and the Palmetto's had better keep a vigilant eye on the new competitors, or they may per-

chance lose their laurels. Tho Alerts practice this afternoon, and hold s meeting to-night at the Live Oak Club, where all interested are requested to attend.

PIC-NIC OF THE HOPE FIRE COMPANY.-It has been a time-honored custom among the different companies in the department to devote one day in this month to rustic enjoyment, where fun, frolic and rural felicity could be combined.

The Hope Company, in accordance with this custom, took up the line of march at an early hour yesterday for the Schutzenplatz. The committee of arrangements had made extensive preparations for the invasion, and gave the company a Lospitable A Maroon and its different pleasures are too well

known to be described, and it is sufficient to say that the firemen and their guests spent the day in enjoyment, making the had resound with the ering of many feet moving in the mazy dance. A fine dinner was furnished, and after discussing the good things of this life, a few more hours were spent in joility, when the rally was sounded, and the party retired in perfect order, satisfied that it was a day well spent and long to be remembered.

THE CITADEL -Accepting the polite invitation of one of the officers, we were present on Sunday morning at the regular weekly inspection of the 6th United States Infantry, stationed at the Citadel. The Regiment is commanded by Brevt Brig. Gen. Crrz, who is commandant of the Citadel and Post. He being temporarily absent, the quarters were inspected by Brevt. Lieut. Col. G. A. WILLIAMS. The Staff officers are 1st Lieut. J. F. MUNSON, Adjutant; 1st Lieut. S. BARER, Regimental Quartermaster, and Dr. A. C. GIBARD, Assistant Surgeon in charge.

There are four companies here; Co. A, com-

manded by Capt. C. M. BAILEY, 1st Lieut. R. W. Ross; Co. D, Brevt. Major M. BEYANT, 1st Lieut. D. H. MURDOCK; Co. F, 1st Lieut. C. D. LYON; Co. I, Brevt. Major J. J. UPHAM. We noticed a great change in the appearance of

the building and grounds since last we visited them. The Citadel, like every public building in this part of the United States, and especially such as were used for barracks or prisons during the late war, with the return of peace was found sadly out of repair. Nearly \$30,000 have been expended by the United States Government, to make it habitable. The quadrangle within has been neatly levelled and ('yster) shelled; the roof, walls, ceilings, floors, etc., all thoroughly renovated, whitewashed or painted. We accompanied the inspect ing officer on his tour through the several apartnts, and were struck by the remarkable neatness, and excellent "police" everywhere apparent. We have seen soldiers in France, England and Germany, and know something of the neat, trim and erect appearance of thoroughly trained regulars, and we are free to say that the 6th do not suffer much in the comparison.

Guard is mounted every day at 9 A. M., and parade at sundown, the band playing each time. Inspection is held by the company officers every day, and on Sunday mornings by the commandant of the Citadel and Post.

Saturday having been pay day, we found several "carriers of wood' perambulating the square within the Citadel; likewise a number of prisoners made more or less hors de combat by said pay day. The soldiers are paid off every two months at the rate of sixteen dollars a month, for privates. There are always a number of prisoners confined here (all soldiers), from the several posts throughout the State, awaiting trial, and some undergoing

The ground floor is occupied by kitchens, mess rooms, stables, guard-room, prisons, steam fire engine, store rooms, bath rooms, etc.

On the second floor are the several offices of the Commanding General of the District and his staff; the telegraph office, the offices of the Command ant of the Post, of the Provost Marshal, the Military Commission rooms, two printing offices, Surgeon's Office and Dispensary, Record rooms, etc. On the same floor in the wings are soldiers' quarters and mess rooms.

On the third floor, south front, are the officers' quarters; on the north side the quarters of the aundresses, band quarters, etc. In the kitchens we saw extensive preparations in progress for the day's dinner. Prominent among the viands were hugo platters of choice and seasonable anti-scorbutics, such as turnips, car-

rots, cabbage, potatoes, etc. These delicacies are brought within the reach of the mess table by a judicious management of the soldier's rations, exchanging the surplus of such articles as are issued to them by the commissary for these commodities of the vegetable market. There need be no fear of scurvy; and if the fragrant chloride of lime can prevent pestilence, a healthy season may be looked for, as this villainous smelling salt is freely distributed in every conceivable nook and corner of The band is composed of twenty-five musicians,

under the efficient leadership of Mr. Thos. WELpon; twenty-two of its members are Germans. The band plays every Monday, Wednesday and Friday evening, at 8 P. M., for the benefit of the officers and their friends. As our citizens have we need say nothing here of their character. One further piece of intelligence we learned we

had abundant opportunity of judging for themselves of the performances of this corps de musique. feel sure will gratify our citizens; that is, that it is in contemplation soon to put a neat enclosure round the C.tadel Green, and to restore something like its pristine verdure to the com-

STRUCK BY LIGHTNING .- About 8 o'clock last night there was a vivid strak of lightning, followed almost instantaneously by a very severe clay of thunder, which we felt sure had struck somewhere near our office, in the heart of the city. We soon afterward learned that the electric fluid was discharged under the porch of St. Michael's Church, in Meeting street, in the midst of a group of ladies and gentlemen, who were standing there at the time out of the rain, and waiting for the cars. Our informant, who was of the number, stated that the fluid burned the shoes of several of the persons, set fire to the dresses of two or three ladies, and hurled one of the gentlemen into the middle of the street. Strange to say no injury was sustained by any of the parties, as far as we could learn, beyond the shock, and a slight singeing; one of the most miraculous escapes we

have ever heard of.

A LA VILLE DE PARIS. By the announcement n another column, it will be seen that Messrs. BLOCK & LOYNS, at the corner of King and Went. worth streets, are prepared to make startling disclosures to the fair sex which will tend to make their establishment more popular than ever. A well stocked dry goods store is always the centre of attraction to the ladies, and Messrs. Block & Lorns have never lost the reputation that their stablishment has gained. They now advertise abrics that will tempt any daughter of Eve, and ike their gran 1 mother, when once inside of the store, they will find the temptation to purchase irrosistible. After the calling of the docket, His Honor heard the argument in the State vs. the First National and Peoples' Banks. Messrs. HENRY BUIST and C. H. SIMONTON, Esqs., appearing for the Banks, and the Attorney-General for the State.

At the recent session of the Legislature a tax of \$10 on every \$100 of their profits was laid upon the Banks which has been resisted by them as unjust and illegal. They claim that they were not liable to State taxation, as they were their profits would embarrass the Government, paralyze business, and drive banking capital from the State. Able arguments were delivered, and the Court was occupied in hearing the case until the hour of adjournment.
